RFID Systems

## YOUR PARTNER IN RFID USER AUTHENTICATION AND ACCESS CONTROL

RFID TECHNOLOGY IS COMPLEX. IMPLEMENTING IT SHOULDN'T BE.

[elatec.com](http://elatec.com)

# RFID MADE EASY

**Don't know much about RFID? Don't worry— with ELATEC, you don't have to. When you work with ELATEC, you'll have a partner by your side to take any stress out of RFID implementation.**

We provide expert support and service at every stage of the product lifecycle to help you make the right product decisions, ensure a smooth project implementation, and position your products for long-term success in the marketplace. We draw on a broad portfolio of specialty tools and proven methods to optimize project planning and execution, control costs and streamline development timelines. We can help you:

- + Refine and document your requirements and select the right technology to support your desired functionality
- + Develop an implementation and rollout plan around your business goals
- + Integrate an RFID solution into your hardware or software products and customize it for your needs
- + Address emerging opportunities or challenges that arise after the product is launched
- + Arm your technical team with the knowledge and skills they need to support your products in-house.

## Pre-Sales Consulting

- + Requirements Analysis and Documentation
- + Technology Consulting
- + Feasibility Studies/Proof of Concept
- + Project and Rollout Planning

## Implementation & Development Support

- + Hardware and Software Integration
- + Application Development (Win, Mac, iOS, Android)
- + Product Configuration and Customization
- + Hardware Testing and Adaptation
- + Communication Protocols
- + Encryption and Security Solutions

# SERVICE MATTERS.

## THAT'S WHY YOU NEED ELATEC.

At ELATEC, we take pride in creating innovative, high-quality RFID readers with unmatched flexibility and function. And we stand behind our products with world-renowned service that is second to none.

Whether you're a company with multinational reach or a small start-up with a great idea, we will treat your products and business goals as if they were our own. We don't just give you a great product. We are your partner in solving business problems and creating new solutions to take advantage of emerging opportunities. Count on ELATEC for:

- + Fast, responsive service to address time-sensitive business issues
- + A support team staffed by full engineers for expert advice and problem solving
- + Fair, transparent pricing with no surprises

### Ongoing Service & Support

- + Technical Support
- + Performance Optimization
- + Reconfiguration and Upgrades
- + Remote Management Solutions
- + Training and Knowledge Transfer
- + Self-Service Knowledge Center
- + SDK- Software Development Pack

### PARTNER SERVICES

Are you an original equipment manufacturer (OEM) or software solutions provider? We'll help you create a seamless customer service experience for your end users. We support you, so you can deliver the service and support your customers expect.

### BEYOND RFID: NFC AND BLE SOLUTIONS FOR USER AUTHENTICATION AND ACCESS CONTROL

Looking for smartphone-based user identification and access control solutions? No problem. ELATEC can help you integrate Bluetooth® Low Energy (BLE) or Near-Field Communication (NFC) for user authentication and access management. We work with telecom companies and their end users to develop, implement and support BLE- and NFC-based user authentication systems.

- + Consulting and System Design
- + App Development (Android/iOS)
- + Credential Management (Multi-tenant enrollment and management of mobile IDs)
- + Managed Services Support

# WE ARE HERE TO EXCEED YOUR EXPECTATIONS.

ELATEC is your leading global provider of solutions related to short-range wireless readers/writers. As a reliable partner, we offer you the best products, processes and services for your business. We are leading the way in developing RFID and smartphone authentication solutions that will meet your needs for today – and the future.

**Partnership. Quality. Service.**
